

We need donations of art supplies, paper products, juice, an educational gift and transportation for our June Builders of the New World program for NYC's homeless children!

The Builder's of the New World is an after-school theatre and education program that for 20 years has helped 6 - 12 year old children living in temporary housing facilities to develop a vision for their future success. We teach the children tangible steps they must take today to achieve their dreams, help them catch up academically and instill a sense of pride in their accomplishments.

This June, please help us create a positive experience for the children at this time of instability in their lives!

Each class begins with a hot, nutritious meal. Then the children draw colorful pictures of their vision for the future, write their stories and learn how to present their ideas to an audience.

Here are the Details of how you can help!

- ★ **When:** We need supplies and transportation for three children's classes: **June 2nd, 7th and 9th**
- ★ **What:** We need juice, plates, writing and art supplies for 60 people each evening: 6 to 12 year old children who live in temporary housing facilities, and their volunteer mentors.
- ★ **What:** We must provide transportation to 15 children and their chaperones to the Bronx.
- ★ **What:** We would like to give each child an educational gift. We need 30 gifts.

We will be very happy to feature your business on our website and in our social media!

Please contact BNW's Donations Coordinator Elena Grosso at outreach@actorstheatreworkshop.com or by phone at (212) 947-1386 with info on your donation.

ATW is a non-profit 501(c)(3) organization, all donations are tax deductible
